Objective

To obtain a developer internship to gain real-world experience using the skills I've learned throughout college.

Experience

TheNewOil | Freelance Web Developer | <https://thenewoil.org/en> 2022 - 2023

- Designed and developed a website to tailor the needs of a client
- Utilized server-side rendering to comply with not shipping client-side JavaScript as requested
- Collaborated with a partner for better efficiency and guidance
- Continued to answer questions and provide additional support for the client in the coming months

USF Office of Veteran Success | Customer Service Representative 2024 - 2024

- Answered phone calls, emails, and gave assistance at a front desk
- Adapted in a fast-changing environment and handled potential issues in real-time
- Improved communication and customer service skills
