

Jaden Edwards

Tampa, FL | jadene123456@gmail.com | <https://linkedin.com/in/jadenet> | <https://github.com/jadenet>

EDUCATION

University of South Florida

Bachelor of Science in Computer Science

Tampa, FL

Aug. 2022 – May 2026

EXPERIENCE

AI Technical Trainer (Contractor)

Oct. 2025 – Present

DataAnnotation

Remote

- Evaluated and optimized AI-generated code in Python, JavaScript, and SQL to ensure that it was accurate, secure, and efficient
- Reviewed and debugged complex code snippets, writing detailed feedback and fixes to train and improve LLM performance.

Web Developer (Contractor)

Jan. 2023 – Jan. 2024

thenewoil.org

Remote

- Rebuilt and redesigned a fully responsive blog site using Next.js (SSR) to boost SEO rankings and speed up page-load times.
- Improved site accessibility by adding multi-language support, a dynamic theme toggle, and keyboard navigation.
- Handled ongoing maintenance, bug fixes, and technical support for the site.

Customer Support Representative

Aug. 2024 – May. 2025

USF Office of Veteran Success

Tampa, FL

- Helped veterans navigate their VA benefits and provided hands-on technical and customer support.
- Managed data entry and file organization to improve organization and efficiency in the office.

PROJECTS

Online Werewolf Board Game | React, Node.js, Express, TypeScript, Socket.IO, PeerJS

- Built a real-time multiplayer engine that syncs game states for up to 12 players at once using WebSockets (Socket.IO).
- Integrated PeerJS (WebRTC) so players can video and audio chat directly in their browsers without lag
- Wrote state machine logic on the Node.js backend to keep everything perfectly synced and prevent race conditions.

AI-Integrated Receipt Scanner | React Native, React, Node.js, TypeScript

- Built a cross-platform mobile app with React Native that lets users snap pictures of physical receipts and automatically categorize them.
- Integrated the Gemini API for optical character recognition (OCR), accurately pulling itemized costs and totals from images.
- Managed native camera/gallery permissions and app state to make the image uploading process smooth and seamless.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, SQL

Frameworks & Libraries: React, Next.js, Node.js, Express, React Native, Tailwind CSS

Databases & Tools: PostgreSQL, MySQL, Docker, Git, Postman, Figma
